WORK EXPERIENCE

Air Force Computer Scientist – Premier College Internship Program May 2023 – Aug 2023
Peterson Space Force Base, Colorado Springs, CO

- Developed and deployed a full stack workflow management system through an Azure DevOps work environment.
- Implemented security features and user login system on backend server.
- Automated back end unit testing and front end Selenium tests.

Regression Test Designer June 2020 – Aug 2020
Golden Software, Golden, CO

- Identified bugs through user and staff reports.
- Designed code that is legible and versatile.
- Deployed code with alerts and reproduction steps if a bug reappears.
- Collaborated with fellow employees during planned meetings and outside of meetings.

EDUCATION

Bachelor's of Computer Science (May 2025)
Emphasis in Software Development
University of Colorado – Boulder
GPA: 4.0

COURSEWORK

Linear Algebra	Algorithms
Data Structures	Computer Architecture
Discrete Math	Applied Probability

PROFESSIONAL SKILL

Proficient in:

- C++
- Python
- Angular
- C#

Intermediate skill with:

- Java
- ASPNET
- C
- SQL/EF Core

TECHNICAL SKILL

Version control

API architecture and implementation

Formal logic

Collaboration

Leadership

INVOLVEMENT

- Student Production Manager – Western Theatre Company
- Outdoor Recreation Guide/Assist – Wilderness Pursuits
- Student Grader – CS190 – Computer Science I

PROJECTS

- codepen.io/gmoyer – 85,000+ views
- github.com/gmoyer
- Colorado School of Mines Medal of Achievement in Math and Science
